

HKHFA Quality Product Seal

Dear valuable HKHFA members,

Thank you for your continuous support as a member of our Association.

This year, we have introduced for the first time the Quality Product Seal to products with excellent quality. Products that bear this Seal would be recognized as possessing good quality tested according to relevant local and international standards, as well as manufactured by a qualified factory. The purpose of this seal is not only to bringing the quality of health food to a higher level, but also to enhance the protection to consumers thereby raising their trust and confidence towards health food.

We believe that by so doing, it would eventually increase the identification of the health food industry as a whole.

Benefits

1. Products awarded the Seal will be displayed on HKHFA website, which gives your products a prestigious status and increased exposure through a widely recognized Association in the industry.
2. The specially designed Quality Product Seal label can be placed on the awarded product, and related materials e.g. product catalogue, website, etc. pertaining to the awarded product. The 2025 Seal can be available for use upon approval of the application.

(Please observe the attached “HKHFA Quality Product Seal Usage Guideline”).

3. A Quality Product Seal Certificate will be awarded during HKHFA Anniversary Dinner tentatively scheduled in Oct 2025.

Please kindly observe the attached application form and testing requirements for the criteria and qualification for application.
